With reference to the Government Endorsement cited, the Board submits that in respect of transactions pertaining to the Composite State, the procedure adopted, is as follows:-

(a) Regularisation of shortages:- As a matter of convenience, with the concurrence of the other two states, the work of regularisation of shortages pertaining to the Composite State irrespective of the area to which they relate is being done by the Madras State.

(b) Claims arising after 1-10-53. The claims are dealt with by the respective States. Only claims arising in the Residuary State are being dealt with by this State. As amounts payable in respect of such claims should be charged to the Composite State, the Board with the sanction of the Government opened a new head " Receipts and payments on accounts of the Composite State" and all items of expenditure incurred on behalf of the Composite State as well as the receipts realised on behalf of the Composite State are being debited and credited to the new head. Later, the Accountant General will have to take action, to allocate, the amounts debited and credited to the above new head, among the 3 states on a principle to be agreed upon by the 3 Governments. In the present case, in pursuance of the procedure adopted, the Mysore Government may be requested to pay the subsidy and charge the expenditure to the Composite State and have it allocated later on the agreed principle.

In reply to a reminder from this Govt. dated 11-10-1954 asking whether they had issued similar instructions, the Mysore Government stated that in their letter No.F.J(B)/12267 dated 29-11-1954 that the matter was under their consideration. W.r.t. 4 on p 3 above, Fin Deptt. have stated that the expdr if any, incurred in the post-partition period in respect of State Trading Scheme transactions of the pre-partition period is not chargeable to the Composite State as stated by the BG but that it is only to be accounted for separately in the post-partition accounts. Fin have stated further that the Mysore Govt. have already been asked to issue similar instruction in regard to the seven taluks of the Bellary district for authorising the accounting of the State Trading Scheme transactions of the pre-partition period separately as issued by this Govt in Finance Deptt in

andum No. 61887 W.M/54-2 dt 19.8.54 (copy of which was already communicated to them) and that the Mysore Govt. also stated that the matter was under their consideration. The Deptt have suggested that the attention of the Mysore Govt. may be drawn to the above mentioned correspondence and they may be requested to settle the claim of Rs 8,688-7-5 from the wholesalers and retailers in the Bellary district, and account for the payment separately in the post-partition accounts.

3. The Deptt. further state that as the accounts of the Composite State of Madras were closed on 31.3.54, and the present status of Madras as one of the three successor Govts. of the Composite State, are settling the claims arising here and that as such a similar procedure will have to be followed by the Mysore Govt. They therefore consider that the question of accounting for the payment in question by the Mysore Govt. under the head "Inter-State Suspense" for eventual transfer to this Govt. does not arise.
